

General Information

Programme Code: DS

Programme Category: Diploma

Conducted By: Dept. Of Electrical & Computing,
Faculty of Engineering Technology

Programme Duration: 01 Year

The Open University of Sri Lanka
Faculty of Engineering Technology

Diploma in Information Systems and Technology (DIST)

Courses Offered

ECX3167	Introduction to Computing
ECX3265	Fundamentals of Programming
ECX3162	Introduction to Object Oriented Design
ECI3164	Internet Applications Development
ECI3266	Information Systems and Data Management
ECI3168	Graphics and Interactive Multimedia Design
ECI3169	Introduction to Mobile Application Development
ECM3266	Introduction to Business Studies
MPZ3262	Mathematics

Diploma in Information Systems and Technology (DIST)

Diploma in Information Systems and Technology (DIST)

Overview

The Diploma in Information Systems and Technology (DIST) is your passport to a highly lucrative career in the IT field. The programme is designed in a way that a student who successfully completes the Diploma can find a placement immediately in the IT industry and earn a Bachelor of Software Engineering Degree (confirming to IEEE/ACM curriculum guidelines) while being employed.

The Programme

The programme offers a set of carefully designed industry oriented subjects that closely align with the needs of the industry. Special emphasis has been placed to include strong practical skills as well as soft skills sought by IT companies.

Programme is delivered through online classes, face-to-face interaction, laboratory sessions and printed course materials. Industry-oriented courses are conducted by technology experts from the industry.

Admission

3 passes in GCE (A/L) or equivalent / higher qualifications acceptable to the senate of the OUSL.

Finance

Course fee for a student will be Rs. 70,000.00 and can be paid in two installments.

Applications

Issuing of Applications (from): 07th December 2014

Closing Date for Applications: 02nd January 2015

DIST

- 01 year SLQF Level 03 Diploma
- Open to anyone with 3 A/L passes (in any stream)
- Most up to date industry oriented syllabus
- Strong foundation for a lucrative and challenging career in ICT industry
- Flexible and Affordable
- Allows entry to BSE Degree programme
