- OUSL AIR is a university wide internet service provided by The Open University of Sri Lanka(OUSL), Managed by OUSL IT Division to its students/staff for the sole purpose of supporting better collaboration of users to the world through Wi-Fi Technologies(IEEE 802.11b/g/n).
- OUSL AIR is a free internet service intended for registered and active employees of the university. If and when an employment terminates for a particular year, the service will be terminated without prior notification.
- Users are entitled to register two devices and for three registration changes per year.
- OUSL AIR is a supplementary service hence, if you need more reliable and dedicated network service for research activities, staff should use OUSL Wired Network through allocated PCs in the department.
- OUSL AIR is maintained on the intention of providing a fair service to its entire community equally. Therefore following usage requirements should be maintained at every time. Failure to do so will terminate the connectivity temporarily or permanently according to the violation.
 - A Fair Usage should be maintained at every time. High usage (Direct, Streaming etc.) should not be used **even for educational purpose.**
 - OUSL AIR should be solely used for "internet" and "e-mail" through common standard ports- (http, https, POP3, IMAP, SMTP). Usage of any other protocols (torrent, limewire, ftp etc..) will not be supported.
 - Users should always be physically within the OUSL premises to use OUSL AIR.
- Users should maintain AntiVirus and AntiMalware protection for its devices and will be responsible for virus/malware and network attacks originated from them.
- Users should not disclose the OUSL AIR credentials or allow any other person to access the network through them. Users will be solely responsible for the security of the credentials provided.
- **While IT Division will try its best to support the users whenever possible, client device configuration will not be maintained and officially not supported by OUSL.**
- OUSL AIR is not recommend using for critical activities and should contact IT Division formally for any such activity at least prior to 48hours (working hours).
