

DECISIONS MADE ON FEEDBACK ANALYSIS REPORTS

Dear Students,

The department of Medical Laboratory Sciences has collected feedbacks on the following as a part of Quality Assurance (QA) process in the year 2021 and 2022.

- Day Schools
- Laboratory classes
- Online course
- Course units

The department of MLS and the Faculty QA cell is grateful for the kind feedback provided by you.

Based on the received feedbacks, the department will implement 03 activities for the academic year 2022-2023.

Concern 01

Not receiving marked answer scripts of the first continuous assessment test (CAT) (NBT 01) before the second CAT.

Action

Sending NBT 01 papers before NBT 02 or uploading marking schemes if there will be a delay due to practical reasons

Concern 02

Not able to find Past papers

Action 02

Providing links for the past papers of the OUSL library web site in the LearnOUSL online courses.

Link for the past papers collection:

<http://pqp.ou.ac.lk/simple-search?filterquery=Health+Science&filtername=author&filtertype>equals>

Concern 02

Not aware about proper sources of information and channel of communication

Action 02

Providing a hands-on demonstration session at the bulk counselling sessions at registration and reregistration

We kindly expect your valuable contribution in future Quality Assurance activities of the department.

Thank you!
