

Concessions to be granted for the students who re-register for the Academic Year 2022-23

(A) Applicable to the students who intend to graduate under Revised Curricula (RC) in 2022-23

Allow the students to register for up to **45** course credits subject to fulfilment of all relevant prerequisites.

(B) Applicable to the students who intend to graduate under Interim Curricula (IC) in 2022-23

(1) Allow the students to register for up to **45** course credits.

(2) Students are allowed to register for more than two courses in the RC, disregarding their pre-requisites, subject to those courses being mapped to a maximum of four courses in the IC.

(3) Register for **Engineering Research Project** courses of **RC** as alternative to those of **Interim Curricula** disregarding the applicable prerequisites.

(4) Register concurrently for (1) AGM3203 Communication Skills, (2) CVM5401 Accounting for Engineers, and (3) DMM6601 Management for Engineers or any combination as alternative to the course DMM5836 Management for Engineers, disregarding the applicable prerequisites, subject to the condition stipulated in Item (2).

(c) Additional attempt for final examinations of the IC courses for those who intend to graduate under IC in the academic year 2022/23

- The students who have passed the **Individual Project courses** or equivalent **and** the **Industrial Training modules** and have failed the final examination(s) of IC courses after appearing for them in the academic year 2021/22 will be allowed an additional attempt for the final examination of the **same IC courses** at the end of the academic year 2022/23. This additional attempt is **not** granted for the **RC courses**.
- If the student has already registered for the mapping course(s) under RC, he/she must choose between the mapping IC and the RC course(s) to sit the final examination. (It should be noted that the final examinations of such mapped courses will be scheduled during the same timeslots). The concession is not granted for RC courses. When a student passes a course under this concession, he/she is entitled to a C grade only.

Dr. DS Wijerathne

The Chairperson, Registration Committee, Faculty of Engineering Technology
