Message from the Dean- Faculty of Humanities and Social Sciences

It is a great privilege to welcome the first batch of students of the BA (Hons) in Library and Information Studies (BA LIS) programme offered by the Open University of Sri Lanka (OUSL). I salute you for the choice you made as this is Sri Lanka's first ever programme in this professional field through Open and Distance Learning (ODL). The process of building a dynamic professional community by successfully pursuing the goal of Continuing Professional Development depends on the access to information and knowledge. Citizens of Twenty-first Century are truly global and the same could be said about the challenges faced by them. Required solutions are also heavily linked to progress made in the international arena. In this context, study of new innovations is vital not only for higher studies and research but also for basic day today functions of citizens both locally as well as internationally.

Therefore, the investment made by learners would bring tangible returns once s/he completes the BA (Hons) in Library and Information Studies offered by the Open University of Sri Lanka. This undergraduate degree programme is the brainchild of the staff of the OUSL library led by Dr. Wathmanel Seneviratna, the Librarian of OUSL and other local and foreign experts in the field.

The Department of Social Studies and the Faculty of Humanities and Social Sciences provide the administrative leadership required to successfully deliver the BA (Hons) in LIS programme. I wish you the best for your success in lifelong learning with OUSL.

Professor Anton Piyarathne
Dean, Faculty of Humanities and Social Sciences

Message from the Coordinator-Information Studies Unit

It is with great honor and pleasure that I welcome you to the Bachelor of Arts Honours in Library & Information Studies programme (BA Hon. in (LIS)) 2018. We have developed an innovative curriculum for the BA Hon. in LIS to enhance the aptitude of non-degree holding LIS professionals in Sri Lanka. The programme is the first of its kind to be offered in the ODL mode through a national university and is the third professional programme offered by the Open University of Sri Lanka (OUSL). The program is specifically aimed at the professionals who are already engaged in the LIS discipline and will put them through an exhaustive program of study whose individual components range from training in academic discourse to engagement in IT-related subjects to modern research skills.

The Library community in the country is eager to absorb a new group of graduates with skills enhanced to cater to a multifaceted society. The course books of the LIS program were a magnificent undertaking which drew in a strong group of in-house, adjunct, visiting, alumni and an international faculty group who engaged in comprehensive and in-depth research to create the narratives in a student-friendly manner. We are committed to enabling and facilitating truly exciting and stimulating life-long learning environment for the new entrants.

I am deeply grateful for the guidance support extended by the OUSL Vice Chancellor Professor P.M.C. Thilakarathne, the Senior management of the university, Dean Faculty of Humanities & Social Sciences, Dr. N.S. Abeysinghe, the former Dean HSS, Prof. Cameena Gunaratne, Head, Dept. of Social Studies, Dr. N. Morais, Coordinator Information Studies Unit, D Gunasekera, presence and guidance of an outstanding group of experts in LIS and the academic staff of the Library who worked tirelessly to bring to reality the BA Hon. in LIS programme.

I wish you a productive learning at OUSL.

Mrs. H.P.S.D Gunasekera
Coordinator- ISU

Open University of Sri Lanka

The Open University of Sri Lanka (OUSL) was established in 1980 under the University Act No. 16 of 1978 and the OUSL Ordinance No 01 of 1990. It is therefore has the same legal and academic status as any other national university in Sri Lanka. The OUSL is the only recognized university in Sri Lanka, where one can pursue higher education solely by distance education techniques in keeping with the philosophy of OPEN & DISTANCE LEARNING (ODL). The OUSL is an attractive choice of study, especially for those employed. The current student population is around 35,000. The OUSL offer courses/programmes from the Foundation and Certificate level through Bachelors to Masters and PhD degrees. The structure of study programmes provide opportunities for those who complete one programme to progress up the ladder and further improve their educational qualifications. Education at OUSL is thus a life-long experience. The OUSL functions through a network of centers spread throughout the island. The Central Campus and the Colombo Regional Centre of the Open University are located in Newalla-Colombo and are easily accessible by road and railway. The academic departments of the University are grouped into six Faculties: **Education, Engineering Technology, Health Sciences, Humanities & Social Sciences Management and Natural Sciences**.

The Study System

The study system of the OUSL is based on distance learning methodologies. It is different to the conventional study system most of you are familiar with. Regular attendance at the University is not required and is therefore well suited for those of you who are employed or engaged with other commitments. Student learning is facilitated through carefully prepared printed course materials suitable for self-learning. Printed course material is supplemented with audio visual and online learning material. Student progress in courses is evaluated at different time intervals using a variety of assessment methods such as assignment tests and final examinations. Students should get registered online for final examination.

What are Day Schools?

Day Schools provide opportunities for you to meet your teachers. An academic member of staff is appointed as a Module Leader for each course. These are academics from the department who are responsible for the development of the course and for ensuring that your learning experience is of high quality. Visiting Academics who work with the Module Leaders support students in all regional and study centers where Day Schools are held. When you attend a Day School, you are able to discuss and solve your learning difficulties by discussing them with your Day School academic. You can also make an appointment and meet the Module Leader during weekdays or get in touch with them online at any time.
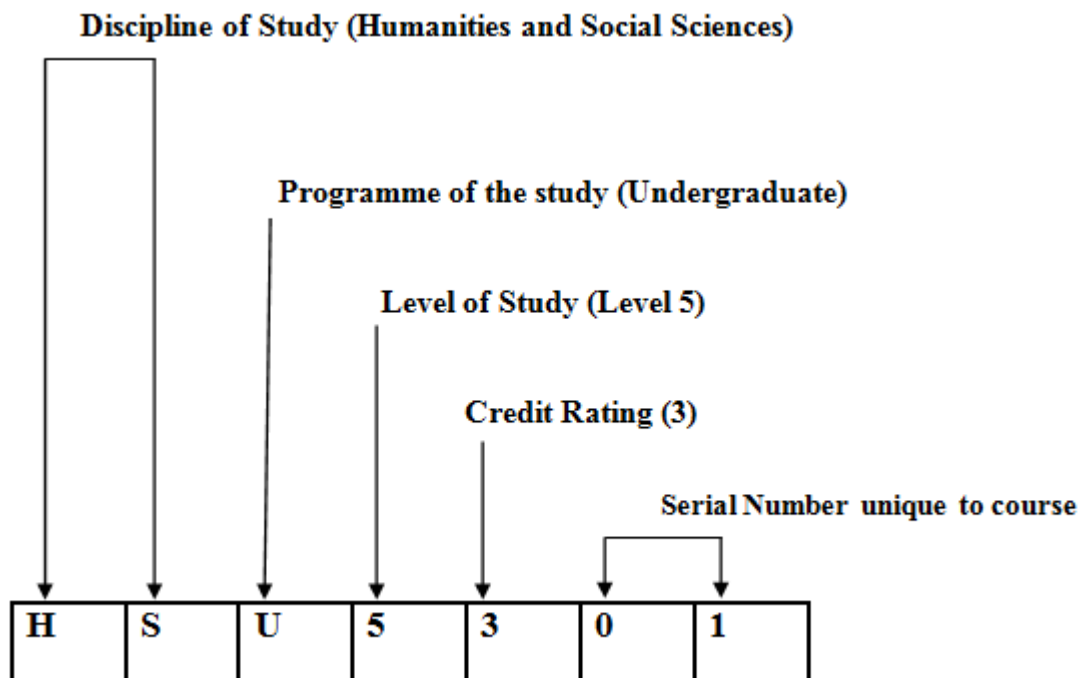

What are Course Materials?

The printed course material you receive when you register with us is called the "Tutor in Print". Sometimes your course material is provided online. The course materials are a substitute for the lectures conducted in the conventional system. The course materials are specially written for the OUSL by experts in each field. These include academic staff from the OUSL as well as academics from other local and sometimes foreign universities. They are interactive in style and contain in-text questions, activities, and review questions for students to reflect on the work and for self-assessment. Sometimes your course materials are in the form of audio and visual (Interactive Multimedia (IMM) or online material and activities. IMM constitutes a combination of printed material/ CD/DVD/ online materials which include reading material and assignments. Fully online courses are offered as well, where all the teaching and learning takes place through this medium.

The OUSL has developed a network of regional and study centers throughout the island. These centers are used for the distribution of course materials, to provide library facilities, for submission of assignments, and sometime for Registration and Day School sessions. You can check-in at the regional or Study Centre nearest to you and register for your programmes.

Courses, Course Codes, Credit Rating

Faculty of Humanities and Social Sciences (HSS) offers courses at different levels. Certificate level courses are at level 1 and 2, Diploma level courses are at level 3 and 4, Degree level courses are at Level 5 and 6, Postgraduate course are at level 7 and 8. These courses are offered in Sinhala, Tamil and English medium. The credit rating is the expression used to denote the 'academic value' of the course/programme. The time you will have to allocate for studying a course depends on its credit rating. The minimum credit rating for courses offered by the Faculty of HSS is 8 credits; such a course will require a minimum allocation of around 400 hours of study time. Each course offered by the faculty is assigned a course code. A course code reflects the subject area, level of study and the academic value of the course. In assigning the course code, the programme of study is identified by the letter and level of study is identified by the digit. Incorporating all the above components, each course is assigned a course code consisting of 7 alphanumeric characters as shown in the example of a course code of the BA Hons (LIS) Degree programme.
